**Vectren Corporation's Niel Ellerbrook  
Elected Trustee to the American Gas Foundation**

**Washington, D.C.** – Niel C. Ellerbrook, chairman, president and CEO of Vectren Corporation (NYSE: VVC), has been elected to serve on the board of the American Gas Foundation's (AGF) board of trustees for 2007. He was elected during AGF's Board of Trustees meeting held in April 2007.

"I am delighted to have someone of Niel's breadth of experience in the energy industry," said Bob Best, chairman of AGF and chairman, president and CEO of Atmos Energy Corp. "His commitment to the AGF mission of delivering independent, credible public policy research will help us to stay on the forefront of the critical energy and environmental issues facing our nation."

Ellerbrook is chairman, president and CEO of Vectren Corporation, the chair and a director of Vectren Capital Corp., Vectren Enterprises, Inc., and president, chair and a director of the Vectren Foundation. He is also a director of Old National Bancorp. The Franklin, Ind. native serves on the Board of Trustees of the University of Evansville and was elected in 1999 to the College of Business Hall of Fame at Ball State University. More recently he was selected in 2006 to the Evansville Business Hall of Fame.

"Securing our nation's energy future is one of the critical challenges facing energy industry executives today," Ellerbrook said. "The American Gas Foundation board provides a great opportunity to play a key role in addressing that challenge."

Vectren Corporation (NYSE: VVC) is an energy holding company headquartered in Evansville, Ind. Vectren's energy delivery subsidiaries provide gas and/or electricity to more than one million customers in adjoining service territories that cover nearly two-thirds of Indiana and west central Ohio. Vectren's nonutility subsidiaries and affiliates currently offer energy-related products and services to customers throughout the Midwest and Southeast. These include gas marketing and related services; coal production and sales; and energy infrastructure services. To learn more about Vectren, visit [www.vectren.com](http://www.vectren.com).

Founded in 1989, the American Gas Foundation (AGF) is a 501(c)(3) organization focused on being an independent source of information research and programs on energy and environmental issues that affect public policy, with a particular emphasis on natural gas. The AGF has delivered numerous key public policy reports since 2000 and has sponsored executive level forums and events focusing on energy supply, efficiency, safety and balancing our country's energy needs with environmental priorities.
